

FRG FAASTeam presents:

# **York College's Aviation Safety and Security Club: Safety Seminar**

York College's Aviation Safety and Security Club will present research on twenty major aircraft accidents and the media's influence. The research coverage begins from the day of the accident, throughout the investigation, and in many cases, years after the NTSB's final report. Attendees will have the opportunity to engage with these Aviation Safety researchers as they concurrently present their findings in an open and interactive forum. This event is open to all individuals with an interest in Aeronautical Decision Making, NTSB Investigations, and media's coverage of aviation accidents. Please join us for these educational poster presentations. Click on the link below and register TODAY.

**Directions:** The meeting will be held in the Academic Core Building - Main Atrium. For those traveling via the NY Subway, York College is located within walking distance from Jamaica Center.

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
